Master  
of modularity

kaschkasch (DE)

EN

The P.O.V. tables, by design studio kaschkasch, are unobtrusive, but may become the focal point of your room – depending on the angle you choose. The collection includes conference, dining and bar heights, three types of table leg and tops in six shapes. Dozens of variations can be created with this modular system, making it suitable for almost any type of interior – office, home, restaurant, even relaxation areas. The tables can be complemented by the stackable stool of the same name, and we also produce a handy trolley for stacked pieces. The collection is available in three types of wood and can be finished in different colours.
